Green Girls Internship Application 2021

The Stamford Museum & Nature Center is dedicated to the preservation and interpretation of art and popular culture, the natural and agricultural sciences, and history. The Museum is a vital cultural and educational resource for the community, and a focal point for family activity and interaction. We seek to inspire creativity, foster self-discovery, promote environmental stewardship and nurture an appreciation for lifelong learning through exhibits, educational programs, and special events that enhance the visitor's experience of our unique site.

The 2021 Green Girls program is supported by a grant from the Fairfield County Community Foundation
